

TRI-MAX SLIP-IN

K.C.A.F. FIRE TECHNOLOGIES Utility Box

The Tri-Max SLIP-IN Utility Box is a unique slide-in skid unit designed specifically to fit with the Tri-Max series of Super Skid CAF systems. The SLIP-IN Utility Box is built to fit on your new or used light to medium duty truck and provides easy-to-access storage compartments. This Utility Box offers tremendous capabilities of the Tri-Max CAF systems.

Built of impact resistant, lightweight copolymer material, the SLIP-IN Utility Box provides maximum storage in the limited space available on today's light to medium weight trucks. Storage space consists of four-side mounted boxes and two lower, optional 48-inch long trays mounted on 500-pound locking guides.
